2015 Edition Cures Update – Mandatory Disclosure

Certified Health IT Costs Information

Prepared By: CureMD

This document provides a description of the certification criteria that CureMD SMART Cloud certifies to and any additional costs or fees that a user may be required to incur to employ or use capabilities within the ambit of certified criteria, in conformity with the mandatory disclosures set forth in 45 CFR 170.523(k)(1).

Note: All certification criteria for which no additional fee is specified, are included in the standard EHR software licensing package and are covered by the standard software maintenance fees.

Certification Criteria

§170.315(a)(1): Computerized Provider Order Entry (CPOE) - Medications

Additional Fees:

None

§170.315(a)(2): CPOE - Laboratory

Additional Fees:

This capability is included in the standard EHR licensing package. However, if the practice elects to use an HL7 interface to transmit a laboratory order, there may be costs associated with the interface.

§170.315(a)(3): CPOE - Diagnostic Imaging

Additional Fees:

This capability is included in the standard EHR licensing package. However, if the practice elects to use an HL7 interface to transmit a diagnostic imaging order, there may be costs associated with the interface.

§170.315(a)(4): Drug-Drug, Drug-Allergy Interaction Checks for CPOE

Additional Fees:

None

§170.315(a)(5): Demographics

Additional Fees:

None

§170.315(a)(9): Clinical Decision Support

Additional Fees:

None

§170.315(a)(12): Family Health History

Additional Fees:

None

§170.315(a)(14): Implantable Device List

Additional Fees:

None

§170.315(b)(1): Transitions of Care

Additional Fees:

CureMD has integrated with Surescripts Clinical Interoperability (Version Net2Net REST 10.4) for its implementation of direct messaging.

This may require an additional one-time setup cost as well as a recurring cost.

§170.315(b)(2): Clinical Information Reconciliation and Incorporation

Additional Fees:

None

§170.315(b)(3): Electronic Prescribing

Additional Fees:

This capability is included in the standard EHR licensing package.

Electronic Prescription of Controlled Substances (EPCS) is an add-on and may require an additional one-time setup cost, as well as a recurring cost.

§170.315(b)(6): Data Export

Additional Fees:

None

§170.315(b)(10): Electronic Health Information Export

Additional Fees:

None

§170.315(c)(1): Clinical Quality Measures - Record and Export

Additional Fees:

None

§170.315(c)(2): Clinical Quality Measures - Import and Calculate

Additional Fees:

None

§170.315(c)(3): Clinical Quality Measures - Report

Additional Fees:

None

§170.315(c)(4): Clinical Quality Measures - Filter

Additional Fees:

None

§170.315(d)(1): Authentication, Access Control, Authorization

Additional Fees:

None

§170.315(d)(2): Auditable Events and Tamper-Resistance

Additional Fees:

None

§170.315(d)(3): Audit Report(s)

Additional Fees:

None

§170.315(d)(4): Amendments

Additional Fees:

None

§170.315(d)(5): Automatic Access Time-out

Additional Fees:

None

§170.315(d)(6): Emergency Access

Additional Fees:

None

§170.315(d)(7): End-User Device Encryption

Additional Fees:

None

§170.315(d)(8): Integrity

Additional Fees:

None

§170.315(d)(9): Trusted Connection

Additional Fees:

None

§170.315(d)(10): Auditing Actions on Health Information

Additional Fees:

None

§170.315(d)(12): Encrypt Authentication Credentials

Additional Fees:

None

§170.315(d)(12): Multi-Factor Authentication

Additional Fees:

None

§170.315(e)(1): View, Download, and Transmit to 3rd Party

Additional Fees:

None

§170.315(e)(3): Patient Health Information Capture

Additional Fees:

None

§170.315(f)(1): Transmission to Immunization Registries

Additional Fees:

External interfaces may require an additional one-time setup cost, as well as a recurring cost.

§170.315(f)(2): Transmission to Public Health Agencies - Syndromic Surveillance

Additional Fees:

External interfaces may require an additional one-time setup cost, as well as a recurring cost.

§170.315(f)(4): Transmission to Cancer Registries

Additional Fees:

External interfaces may require an additional one-time setup cost, as well as a recurring cost.

§170.315(f)(5): Transmission to Public Health Agencies - Electronic Case Reporting

Additional Fees:

None

§170.315(f)(7): Transmission to Public Health Agencies - Health Care Surveys

Additional Fees:

External interfaces may require an additional one-time setup cost, as well as a recurring cost.

§170.315(g)(2): Automated Measure Calculation

Additional Fees:

None

§170.315(g)(3): Safety-Enhanced Design

Additional Fees:

None

§170.315(g)(4): Quality Management System

Additional Fees:

None

§170.315(g)(5): Accessibility-Centered Design

Additional Fees:

None

§170.315(g)(6): Consolidated CDA Creation Performance

Additional Fees:

None

§170.315(g)(7): Application Access - Patient Selection

Additional Fees:

None

§170.315(g)(9): Application Access - All Data Request

Additional Fees:

None

§170.315(g)(10): Standardized API for Patient and Population Services

Additional Fees:

Access to USCDI v1 data classes is provided free of charge for patient-facing applications via CureMD's FHIR APIs.

For clinician-centered and backend applications, it is necessary to sign business agreements with the practice site prior to requesting registration with CureMD. Additional costs will apply for these integrations. For further details, please contact CureMD.

§170.315(h)(1): Direct Project

Additional Fees:

CureMD has integrated with Surescripts Clinical Interoperability (Version Net2Net REST 10.4) for its implementation of direct messaging.

This may require an additional one-time setup cost as well as a recurring cost.
